

Director of Physical Plant

April 30, 2015

To Whom It May Concern:

I'm writing this letter as Past Third Vice President of SRAPPA and current Secretary of WVAPAA to recommend Energy Optimizers, USA as a new business partner for West Virginia facilities of higher education and K-12 schools.

The organization and its staff of professionals are eager to become involved in supporting our state and local school organizations. The Energy Optimizers, USA team has been very generous with their time, talents, and funds to ensure that association events are successful and meaningful for our members.

Feel free to contact me for further information if you'd like.

Very truly yours,

Mark Cutlip
